## GIS Technician

Coleman Engineering is looking for a full time GIS Technician to work in our Iron Mountain office. Candidates will develop GIS data and create, collect, interpret, maintain and produce maps from GIS data. Candidates must have experience with ESRI Software, AutoCAD, Field GPS Devices and Microsoft Office Products.

Candidates will be responsible for updating and maintaining GIS layers, shape files and feature classes; import CAD data into GIS and Geodatabases; process field data to produce new GIS layers; interpret data and correlate it within GIS; generate and produce maps; georeference plans into GIS; and assist field staff as needed.

Salary depending on experience with full benefit package including medical, dental, vision, vacation & 401K. Forward letter of interest and résumé to: Coleman Engineering Company, 635 Circle Drive, Iron Mountain, MI 49801 or by email to [lindquist@coleman-engineering.com](mailto:lindquist@coleman-engineering.com). EOE.
