### **Construction Materials Testing Technician**

Coleman Engineering is looking for an experienced Materials Testing Technician for laboratory and field testing in our Iron Mountain, MI office. The position involves a wide range of laboratory based materials testing and construction site visits to test fresh concrete, density testing of compacted soils, obtaining soil and aggregate samples for lab testing. Previous experience, ACI Concrete Field Testing Technician Certification, and/or certifications through the State of Michigan (or other State sponsored agency), is preferred. Work involves routine lifting of material samples up to 75 pounds. Wages commensurate with experience.

Coleman Engineering Company offers competitive salary and benefits, including 401K plan and the opportunity to advance your career in a professional and challenging work environment. Send resumes to Coleman Engineering Company, 635 Circle Drive, Iron Mountain, Michigan 49801, Attn: LeAna Lindquist, or email [llindquist@coleman-engineering.com](mailto:llindquist@coleman-engineering.com).
