CAD Drafter/GIS Technician

Job Description

Coleman Engineering Company has an immediate opening in our Iron Mountain or Ironwood office for a CAD Drafter with a degree in CAD/Drafting Operation and/or related job experience. The qualified candidate should have experience or knowledge of survey mapping and be proficient in AutoCAD Civil 3D. Experience with MicroStation and GIS software is a plus but not required. An understanding of legal descriptions, mapping and land/real estate terminology is desired. Field experience is preferred but not required. The ideal candidate will have experience in survey type drafting and working knowledge of GIS.

Job Requirements

Eligible candidates will have knowledge of land surveying and mapping to support the technical work of CAD drafters, surveyors, engineers, subcontractors and agencies for mapping and/or GIS. Candidates must have the ability to perform efficiently under demand and stress; have the proven capability to meet tight deadlines; be detail oriented; and have good written and verbal communication skills.

Coleman Engineering Company offers competitive salaries and benefits, including 401K plan and the opportunity to advance your career in a professional and challenging work environment. Send resumes to Coleman Engineering Company, 635 Circle Drive, Iron Mountain, Michigan 49801, Attn: LeAna Lindquist, or email llindquist@coleman-engineering.com. EOE
